

PTO Project Proposal

Submitted By: Ryan Cormier

Date Submitted: 9/15/22

Submission Cycle (circle one): October 1st

January 1st.

April 1st

Description:

3D printer and some starter materials (filament, wipes). As a tool in the special education room, the printer has been used to create various manipulatives (math/reading), writing support tools, fidgets for anxiety, along with student created items that supports creativity and interest in the designing and creative process.

Budget:

\$600 printer and \$100 filament (4 spools) ≈ \$700 total

Timeline:

No specific timeline although current printer I am looking at is on sale, however, I can purchase a different model within budget if the sale lapses.

Does this proposal support Eastern Elementary School PTO's bylaws (see below)?

Yes

No

- To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the training of the child.
- To promote the welfare of children and youth in home, school, and the community.
- To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, and social education.
- To secure and distribute funds to enhance the educational opportunities at Eastern.
