

Cafeteria Taste Tests

To provide support to Tom Freitas and Jodi Jocks as they source local products, FoodCorps engaged students during monthly taste tests. Each taste test highlighted the respective Harvest of the Month. Over the course of the 2016-2017 school year, 9 total cafeteria taste tests were held at Traverse Heights Elementary.

Traverse Heights Taste Tests 2016-2017

■ Tried it ■ Liked it ■ Loved it ★ Recipes identified for menu placement

What is a Taste Test?

During each taste test, students are given a sample-sized portion of a new food and asked to vote on whether they LOVED IT, LIKED IT, or TRIED IT. The results are compiled and shared back with the food service staff, students, and other school professionals with the intent to inform future school lunch menu options.
