

## Welcome to 2<sup>nd</sup> Grade!

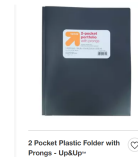

Here is a suggested list of school supplies for second grade.

This suggested list is specific to meet instructional needs of each student. If you are able to send in the requested supplies it is greatly appreciated. The school will provide the necessary supplies for students who are not able to bring in suggested supplies. The supplies that are donated to our classroom will be distributed by the teacher and shared as a community, so labeling is not required and can create difficulty. As always, thank you for your support and we look forward to seeing you in September!!
